

## **Preamble for Skywarn and Emergency net**

**QST, QST, QST--- This is (Your Call) your acting net control station for this evenings session of the Polk County Skywarn and Emergency Net. My name is (Your Name). We call this net each Tuesday evening at 8:30 P.M.**

**All Amateurs licensed to operate on this frequency are invited to check in with us this evening and any other time that Emergency conditions are being experienced in the area.**

**I will now standby for any Emergency or Priority Traffic ...  
(Pause and Listen)**

**When you check in, we ask that you give your call, name and the location from which you are reporting this evening.**

**During severe weather, we ask you to report the following to the net.**

**Tornado or water spout**

**Funnel Cloud**

**Rotating wall cloud**

**Hail (any size)**

**Thunderstorm wind gusts over 50 mph**

**Thunderstorm damage**

**Flooding (streams out of banks or impassible road conditions.)**

**I will now take check-ins from mobile stations... (Pause and Listen)**

**I will now take check-ins fixed stations. Following check-ins, I will call you back for any comments or information you may have for the net. Please wait until the previous call has been acknowledged.**

**(After Check-ins and comments complete)**

**Thanks everyone for checking in this evening.**

**This is (Your Call) closing the net and returning the repeater back to normal operation.**

**This is (Your call) out.**
